

Ellacombe C of E Academy: 2024-2025 Pupil Outcomes

Below are the school's published outcomes for the end of the academic year 2024-2025. The 'National' data is also added so that you are quickly able to see how the school is doing compared to 'all children' across the country. For Key Stage 2, we have also added the Pupil Premium which are the outcomes for those children who are entitled to Free School Meals; it is important that this data is looked at so that we are ensuring all our pupils are achieving the highest possible outcomes.

EYFS GLD National	EYFS GLD Ellacombe
68%	69%

What this tells us:

We know at Ellacombe that some of our children start in Reception a little bit behind their peers nationally. We work incredibly hard to enable them to swiftly catch-up in all areas of their learning so they are ready to access the Key Stage One curriculum. Investing in our Little Stars Nursery provision means we are able to work even more effectively with our youngest pupils and their parents/carers from the age of 2.

Y1 Phonics Check National	Y1 Phonics Check Ellacombe
73%	81%
Y2 Phonics Check National	Y2 Phonics Check Ellacombe
89%	100%

What this tells us:

The school invests heavily in teaching our youngest pupils to read and we know how much our parents/carers help with this through reading with your children at home. We use a very targeted programme to ensure all children are learning all their sounds and any gaps are swiftly filled through interventions. Three year 1 children in our 'Nurture Provision' are working on a different curriculum which means they did not undertake this phonics check.

Although it might take some children a little bit longer to start to read, for the previous two years, **all** our year 2 're-sit' children have achieved the phonics check.

Key Stage 2 Outcomes

All of the Key Stage 2 outcomes for every primary school in the country are published on the Governments "Compare School Performance" website; [Search for schools, colleges and multi-academy trusts - Compare school and college performance data in England - GOV.UK](#)

From this website, it can be seen that our excellent KS2 Outcomes last year meant our school was:

- TBC (this will be released in November 2025)
-

Key Stage Two Outcomes: All Pupils				
Subject (All Pupils)	National Expected	Ellacombe Expected	National Greater Depth	Ellacombe Greater Depth
Reading	75%	84%	33%	27%
Writing	72%	89%	13%	29%
Maths	74%	89%	26%	20%
SPAG	73%	89%	30%	29%
RWMa Combined	62%	71%	8%	9%

Key Stage Two Outcomes: Pupil Premium Pupils				
Subject (Pupil Premium Pupils)	National Expected (2024-2025)	Ellacombe Expected	National Greater Depth	Ellacombe Greater Depth
Reading	63%	77%		14%
Writing	59%	77%		9%
Maths	61%	82%		9%
SPAG	60%	77%		9%
RWMa Combined	47%	59%	4%	9%

End of Key Stage 2: Average Scaled Score per Subject				
Subject (All Pupils)	National (All pupils)	Ellacombe (All pupils)	National (PP Pupils)	Ellacombe (PP Pupils)
Reading	106			
Maths	105			

What this tells us:

By the end of KS2, our pupils achieved above the National Average in all subjects and in the combined figure; this is for 'all pupils' and those pupils who are entitled to Pupil Premium funding.

In some areas this was significantly above the National Average and this is a reflection of the highest expectations we have for all our pupils, regardless of their background or starting points.

Even though at Ellacombe we have a number of children who start at the school 'mid-phase' and some children who start school with limited English, all children are making excellent progress with their learning.

Whilst our Greater Depth outcomes are also inline with, or above National Average, this will continue to be a focus over the next academic year.
